Performance™
SERIES

Comfort Control at Your Fingertips

Quality Performance

- LCD lights up for accurate readings even in low-light conditions.
- Going out of town? Change your home comfort system settings to your preferred vacation set points.
- Seven-day programmability with four periods per day offer increased flexibility for changing lifestyles and maximizes energy savings.
- ENERGY STAR® rated programmable models can save up to 20% on your home comfort bills.

Things to Consider Before You Buy

Comfort

Carrier specializes in creating a customized home comfort system tailored to your needs with our broad selection of residential heating and cooling products. And, Carrier Performance™ Series Thermostats can give you the control you need over all of your system components. Your Carrier dealer can help you choose the best system for your home including Carrier-exclusive features that further enhance your indoor environment.

- Thermostats feature backlit LCD readouts for at-a-glance convenience.
- The Thermidistat™ Control allows you to view relative indoor humidity and temperature readings easily.

- Large, one-touch controls respond quickly to your input.
- With the ability for automatic changes between heating and cooling, your indoor comfort is ensured.

- Programmable thermostats, including the Thermidistat™ Control, combine advanced technology with user-friendly controls and a contemporary appearance.

- Set fan control, air filtration and temperature with one convenient, easy-to-use control.

- Seven-day programming with four time periods provides flexible temperature control throughout the workweek and the weekend.

IdealHumidity

- With IdealHumidity™ and the Thermidistat™ Control, monitor and adjust your home's humidity level even when your home comfort system isn't actively heating or cooling. Keeping the proper balance of moisture in your home allows you to remain more comfortable at higher temperatures in the summer and lower temperatures in the winter. And, more efficiency means lower utility costs.

Flushmount Thermostat - TSTATCCPF701

Deluxe Programmable Thermostat - TSTATCCPS701

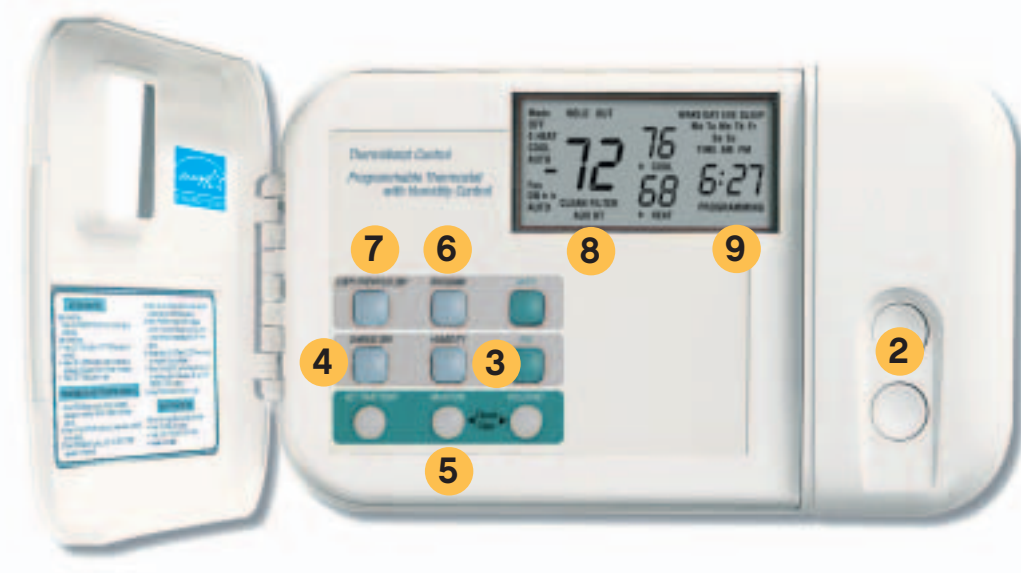

Wireless Thermostat Sensor - TSTATCCPRF01 Receiver - TSTATCCREC01

Programmable Thermidistat™ Control - TSTATCCPRH01-B Programmable Thermostat - TSTATCCPAC01-B

Technology

THERMIDISTAT™ CONTROL

- 1 **Easy-to-read liquid crystal** – display shows system settings even when it's dark.
- 2 **Large, easy-to-push buttons** – increase system functionality.
- 3 **Automatic humidity control** – helps maintain the proper moisture throughout your home, allowing you to remain more comfortable with cooler temperature settings in the winter and warmer temperature settings in the summer.
- 4 **Automatic changeover feature** – switches between heating and cooling systems on days when both are required.
- 5 **Vacation mode** – provides a one-button method for switching between your normal comfort schedule and a vacation one, helping you save on utility costs.
- 6 **Seven-day programmability with four time periods** – lets you develop a custom-made heating and cooling schedule specifically for your home comfort needs.
- 7 **“Copy previous day” function** – makes programming quick and easy.
- 8 **Clean filter indicator** – reminds you when it's time to clean or replace your system's air filter, helping you maintain your systems' performance.
- 9 **Smart recovery** – gradually ramps up before a scheduled temperature change, helping to deliver the right temperature at the right time.

Warranty

Every Carrier thermostat is protected by a 5-year limited warranty. Extended warranties are also available. Ask your Carrier dealer for details.

Turn to the Experts

Willis Carrier invented air conditioning in 1902. Over 100 years later, we're proud to say Carrier systems are trusted in more homes than any other brand.

Carrier continues to be on the forefront of innovative engineering and unsurpassed standards of excellence. So when choosing a home comfort system, you'll want to turn to the experts. Your Carrier dealer will evaluate your home, such as window placement and size, ductwork, other structural specifics and lifestyle to provide a customized indoor comfort plan designed specifically for you. And when you have an expert helping you make an educated decision, you're going to feel more comfortable.
