Comfort™ SERIES

Comfort Control at Your Fingertips

Quality Performance

- LCD lights up for accurate readings even in low-light conditions.
- Workweek and weekend programmability with four periods per day offers increased flexibility for changing lifestyles and maximum energy savings.
- ENERGY STAR®-rated programmable models can help you save up to 20% on your home comfort bills.

Things to Consider Before You Buy

Comfort Control

Carrier specializes in creating a customized home comfort system tailored to your needs with our broad selection of residential heating and cooling products. And, Carrier thermostats can give you the control you need over all of your system components. Your Carrier dealer can help you choose the best system for your home including Carrier-exclusive features that further enhance your indoor environment.

- Carrier thermostats feature backlit LCD readouts for at-a-glance convenience. View temperature readings easily.
- Large, one-touch controls respond quickly to your input.
- The ability to change automatically between heating and cooling helps ensure your indoor comfort (some models).
- Available battery-operated thermostats allow unit placement even when existing wiring is limited.
- Programmable thermostats combine advanced technology with user-friendly controls and a contemporary appearance.
 - Workweek and weekend programming with four time periods provides flexible temperature control even when your schedule changes.

Warranty

Carrier thermostats are protected by a five-year limited warranty. Extended warranties are also available. Ask your Carrier dealer for details.

Turn to the Experts

Willis Carrier invented air conditioning in 1902. Over 100 years later, we're proud to say Carrier systems are trusted in more homes than any other brand.

Carrier continues to be on the forefront of innovative engineering and unsurpassed standards of excellence. So when choosing a home comfort system, you'll want to turn to the experts. Your Carrier dealer will evaluate your home, such as window placement and size, ductwork, other structural specifics and lifestyle to provide a customized indoor comfort plan designed specifically for you. And when you have an expert helping you make an educated decision, you're going to feel more comfortable.
